State departments must identify subcontractors on individual purchase documents whenever subcontractors have been identified.

This contract contains a 25% DVBE participation requirement for combined total dollars for specific services (value-added services) only. Those services include:

- Installation Services
- Professional Services
- Warranty/Support Services
- Pre-Order Configuration Consultation

Proprietary service sales do not pertain to the 25% requirement, unless otherwise specified by ENS-Inc.

Individual orders may have no applicable participation or may have participation greater than that of the total contract commitment. Ordering agencies will verify participation amount with ENS-Inc. The exact participation percentage levels for each purchase order will be determined on an order-by-order basis in cooperation with ENS-Inc prior to submittal of a Purchasing Authority Purchase Order (STD 65).

ENS-Inc requests any irregularities or concerns regarding prime or SB/DVBE subcontractor responsibilities be brought to our attention for investigation.

Any irregularities or concerns regarding prime or SB/DVBE subcontractor responsibilities are to be immediately documented and reported to the State's Contract Administrator for further investigation. Information provided to the State's Contract Administrator includes, but is not limited to:

- Copy of executed purchase document
- Value-added service description
- Work performance issue or concern
- Department contact name, email, and phone number

Departments should keep track of their SB/DVBE participation levels on orders. However, departments may request a monthly report from ENS-Inc which will provide the SB/DVBE participation levels on purchase orders.

ENS-Inc is determined to exceed the State's 25% SB/DVBE participation requirement. Additional SB/DVBE's will be added during the term of this contract.
