

## **Senior Storage Engineer**

Rancho Cordova, Ca

Full Time

### **About Enterprise Networking Solutions, Inc.**

Enterprise Networking Solutions, Inc. (ENS-Inc) is an information technology consulting and services firm located in Sacramento, Ca. We develop, deploy, and manage proven, reliable, and scalable enterprise technology solutions. With key expertise in storage, virtualization, networking, cloud integration, system integration services, migration/consolidation services, business continuity, and disaster recovery. ENS-Inc Engineers and Project Managers partner with our clients on a wide range of technology projects. Founded in 1999, the ENS-Inc team is comprised of talented and respected professionals with over 100 certifications and 100 years combined experience working with the public sector in California. In addition to state agencies, ENS-Inc has also provided services to California counties, cities, education, healthcare, and law enforcement, as well as private industry and services to other states.

### **Job Description**

ENS-Inc has an immediate opening for an experienced IT professional that will be a good fit with our team. We are looking for an energetic person who enjoys a challenge and being surrounded by extraordinary team members. This person will join our Managed Services team as a Senior Storage Engineer. The position provides services to our clients around, but not limited to, storage technologies such as NetApp, Pure Storage, Brocade, Cloudian, and Rubrik. One of the core responsibilities of this position will be to help manage the storage infrastructure that supports our Managed Services offering and to work with our clients in the planning, implementation, maintenance, and support of their onboarded solutions that exist in ENS's Managed Services.

Other areas of expertise that we provide to our clients that may be needed in the future or would be provided as an opportunity for the right candidate to grow into are; Cloud technologies such as Azure and AWS, VMware virtualization technologies including vSphere and NSX, Hyperconverged technologies, conventional and All Flash storage array technologies, and network and firewall technologies.

The position will be located in Rancho Cordova, Ca with primary work hours of Monday through Friday from 8:00am – 5:00pm. This position will be part of the on-call rotation that is in place to support the needs of our customers. And while usually not required as part of the services we offer, occasionally travel may be required as part of the position.

### **Skills and Abilities**

Required

- Experience in planning, implementing, administering, and supporting storage technologies such as NetApp Storage arrays and Rubrik Cloud backup.
- Experience in planning, implementing, administering, and supporting SAN infrastructures
- Ability to work independently as well as in a team environment
- Ability to work in a fast paced and collaborative environment
- Effective skills in task prioritization and time management
- Ability to quickly and accurately diagnosis technical issues

- Strong presentation and documentation skills

#### Desirable

- Strong experience with NetApp C-DOT
- Strong experience with Pure Storage
- Strong experience with Cloudian S3 storage
- Strong experience with Brocade (with Logical Switches)
- Strong knowledge of Rubrik
- Experience with IBM Storage Virtual Controller (SVC)
- Prior managed services experience
- Experience with VMware vSphere and/or NSX
- Experience with Hyper-converged solutions such as Nutanix and/or SimpliVity
- Scripting skills

#### **Preferred Qualifications**

- 5+ years of Storage Engineer experience
- Bachelor's degree with major coursework related to Computer Science; or, an equivalent combination of education and experience
- Possess Certification(s) related to the technologies and skills listed in the Skills and Abilities section of this posting

#### **Benefits**

- Competitive salary
- Benefit options including; medical, dental, vision, life insurance, and long term disability
- Retirement account options with company sponsored match

Enterprise Networking Solutions, Inc. provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics. In addition to federal law requirements, Enterprise Networking Solutions, Inc. complies with applicable state and local laws governing nondiscrimination in employment in every location in which the company has facilities. This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation and training.

Enterprise Networking Solutions, Inc. expressly prohibits any form of workplace harassment based on race, color, religion, gender, sexual orientation, gender identity or expression, national origin, age, genetic information, disability, or veteran status. Improper interference with the ability of Enterprise Networking Solutions, Inc.'s employees to perform their job duties may result in discipline up to and including discharge.
